STINGRAY CHANDELIER GRANDE

You almost feel the movement of the Drop Chandelier. As a free-flowing sculpture, it takes in the space and insists on a life of its own - just like the floating movement of Stingray fish which is the inspiration behind the design of the lampshades.

While The Drop Chandelier collection honors modernist lamp designs of the 1950s, it also celebrates an experimental, innovative approach with its gently curving shades and 14 flexible and functional adjustable arms - creating countless options, variations and angles.

The beautifully crafted plated metal body is subsequently hand brushed and the lamp brightens up the room elegantly with a warm, pleasant light.
